

FRIDAY - OCTOBER 11, 2013

SAVE THE DATE
USC PARK CAMPUS

“If you look at what the graduate and undergraduate students are demonstrating today, there is absolutely no doubt that what we have is one of the top departments in the country, and we have some of the best minds and best faculty conducting this research”. -Asad Madni, USC EE Advisory Board

4th Annual Electrical Engineering **Research** Festival

The Research Festival is a day-long event that showcases EE Ph.D. student research through posters, demos and oral presentations. The entire USC Viterbi community, alumni and engineering industry representatives are invited to attend the event. Attendees have the opportunity to see outstanding research conducted at USC and network with students, faculty, alumni and engineering professionals!
