We are actively hiring for full-time & intern positions – stop by to learn what eBay Inc. has to offer.

Kyle Forbes

Senior Manager, Data Visualization

Topic: Data and Analytics at PayPal

Bio: Kyle Forbes has been with PayPal's Data Technology group for over three years, leading development initiatives to build tools, technologies, and frameworks that accelerate data processing and information retrieval for PayPal's evolving data needs. Prior to joining PayPal, Kyle worked with Sony, Microsoft, and various startups in the computer games industry, where he led engineering teams building large scale distributed processing platforms for use in multiplayer gaming as well as real time monitoring systems for analyzing streaming data from online servers.
