Save the Date!

2016 Pre-College Programs Robotics Invitational
Saturday – May 7, 2016
7:30AM – 1:30PM

Volunteers Needed!

Come join middle and high school students as they compete in teams to design, build, and program robots that solve issues such as health care, medical technology, clean water, green energy solutions, and more!

Encourage professionalism and leave students feeling with a sense of integrity and teamwork

Past projects included:
- **Nano-bots & Hydro-bots**
- **Automated/Hybrid Vehicles**
- **Rescue Robots**
- **Nuclear Terror Casualty Prevention**
