

*Dornsife Spatial Sciences Institute &  
Viterbi Department of Computer Science*

**M.S. in Spatial Informatics**  
*Information Session*

**Thursday, January 18, 2018**

**12:00 P.M.—1:00 P.M.**

**Tutor Hall (RTH) 105**

#USCSpatialInformatics

*Come learn about this new and exciting Master of Science degree offered by the Viterbi School of Engineering Department of Computer Science and the Dornsife Spatial Sciences Institute. Spatial Informatics students draw upon engineering, computer science, math, and spatial science principles to solve data-intensive, large-scale, and location-based problems. Faculty will be on hand to answer questions. Progressive Degree options are available!*

Please email Ken Watson at [watsonke@usc.edu](mailto:watsonke@usc.edu) to RSVP or for more information.
