Advisory Opportunities Fall 2017

About PwC Advisory

Members of our Advisory practice work with professionals from across the firm who have the right combination of industry and functional expertise to help our clients address their most complex business issues from strategy through execution. Our professionals bring the right skills and mix of diverse backgrounds and experience to provide our clients with unique perspectives and bold insights.

Our Advisory practice has experienced significant growth over the past few years—we have taken on new clients and increased revenue, onboarded record setting new hire classes (directly off campus) and executed a number of strategic acquisitions including welcoming Strategy& (formerly Booz & Company) to the PwC network. A significant component of our growth strategy includes growing and developing our people—highlights include:

- 35+ analyst rankings (Gartner, IDC, Kennedy & Forrester) name us as a leader.
- Universum ranked PwC #17 of the most ideal consulting employers!
- Top 5 Consulting Firm by Vault.com
- #1 for Fortune 1000 Revenue Audited Market Share

As a result, we have become one of the world's top consulting organizations giving our practitioners tremendous development and advancement opportunities.
