

Saturday, October 23 on Zoom

Calling all high school students

Join us for a virtual **Day of Making!**

Hear from USC students and alumni about their journey in developing making skills that combine engineering, robotics, and creativity.

See examples of making projects that turn imaginary objects like superhero shields and portal guns into reality!

11:00 am – 11:50 am

Allen Pan, host of
YouTube channel
"Sufficiently Advanced"

**REGISTER FOR ALLEN
PAN HERE:**
