

Friday, March 5th - Saturday, March 6th

ARE YOU INTERESTED IN PURSUING A GRADUATE DEGREE IN ENGINEERING?

OVERVIEW

University of Southern California's Viterbi School of Engineering has designed a workshop series to take an overall look at the engineering graduate school experience. Participants will have the opportunity to engage with current students, faculty, and staff, and walk away with a comprehensive overview of USC's graduate opportunities. Our goal is to build stronger partnerships and connections with our neighboring Cal State University schools and students!

ELIGIBILITY

- **MUST** Currently attend a Cal State University System School
- We encourage students majoring in engineering, computer science, applied mathematics, or physical sciences (biology, chemistry, physics) to join. Students outside of STEM are also welcome to join to learn more about our interdisciplinary data science programs.
