About Samsung Electronics

Ten years ago, how many of you knew the name Samsung?

Yet in that short time, Samsung has gone from a complete unknown to a household name. It is the 19th most valuable brand in the world, market leader in the television industry and a strong competitor in many other fields. With 137 billion dollars in 2010, it is the world’s leading IT company in terms of revenue.

We produce a wide range of products that include cellular phones, LED TVs and monitors, digital household appliances, digital cameras, computers, and network devices as well as components like semiconductors and flat panel LCDs.

Our goal is to become the “most innovative company” and we need top talent from around the world to achieve this vision.
Do you want to join us in this challenge?

The 19th century was the European century.
The 20th century was the American century.
The 21st century is the Pacific century. And with its central location, Korea is the gateway to China, India, and all of Asia.
The future of business is here already.

Do you want to be left behind?

Program Outline

We offer numerous opportunities for Engineering, Marketing, and other business graduates. Around 3000 newly-graduated students join Samsung’s HQ in Korea each year, to support our quest of excellence and our constant growth and expansion.

Start your international career in a leading technology company with international exposure.

◉ Internship
  Depending on your degree and major, various internship periods are available!
  (Full-time employment opportunities will be offered to interns upon good internship evaluation).

◉ Full-time
  Apply directly to one of our numerous full-time opportunities!

Why should I apply?

◉ Professional development
  By joining Samsung, one of Asia’s most dynamic, results-driven companies, you ensure your place in the ranks of today’s business leaders. Do cutting edge work, and live in the world’s largest and most exciting cities.
  What more could you ask for?

◉ A unique experience
  Of course, while living in Asia is comfortable and urbanized, life in Korea and at Samsung is full of challenges.
  Do you think you can handle it?
I am interested. What's next?

Am I eligible for this recruitment?

Samsung Electronics is looking for talented candidates from a variety of industries, educational and professional backgrounds. We are one of the world’s largest companies with many different divisions, all of which are looking for top business talents.

Whether you are interested in joining our internship or jumping directly into a full-time position, Samsung Electronics has a place for you.

We will show you why you don’t want to miss this opportunity!
Life in South Korea

Do you like new cultural experiences? Or learning about traditions and heritage? How about fashion and technology trends? Does having access to entertainment 24/7 excite you?

If this answer is yes, then Seoul is the place for you!

As the central nerve of the tremendous Korean economic growth, Seoul has been designated as one of the best place to visit in 2010. In fact, Seoul hosted the G20 Summit in November 2010 and has been selected as the World Design Capital 2010. And with its impressive state-of-the art infrastructures and all the conveniences of a global center, Seoul is a scenic cultural metropolitan hub hard to find anywhere else in the world. On top of that, with its central location, Korea is the gateway to China, India, and all of Asia, promising you even more dynamic opportunities for your weekends and vacation periods.

The breathtaking natural beauty of the green space and mountains that run through Seoul and Korea: rafting in the spring, sun-tanning in the summer, hiking in the fall and skiing in the winter are just a small sample of the opportunities offered by this country with 4 seasons.

Following the Korean fashion trends; discover one of the 25,000 malls opened 24-hours. Lose yourself in one of the many neighborhoods uncovering ancient palaces and peaceful temples beside impressive high-rises. Enjoy a variety of international cuisines sure leave you satisfied and spend your evenings taking in the many forms of cultural entertainment. With the most advanced technologies you can keep up with all the latest trends, and as one of the safest cities in the world you can relax and enjoy the ride. Everything you can imagine and more is waiting for you in Seoul. Your lifestyle is sure to be exciting and your experience world-class.
