Few careers offer the chance to make a difference in people’s lives. Take advantage of an opportunity at Amgen, the world’s largest biotechnology company.

Amgen is a leading human therapeutics company in the biotechnology industry. For more than 25 years, the company has tapped the power of scientific discovery and innovation to advance the practice of medicine. Amgen pioneered the development of novel products based on advances in recombinant DNA and molecular biology and launched the biotechnology industry’s first blockbuster medicines. Today, as a Fortune 500 company serving millions of patients, Amgen continues to be an entrepreneurial, science-driven enterprise dedicated to helping people fight serious illness.

Amgen’s corporate headquarters is located along the southern California coast between Santa Monica and Santa Barbara (40 miles west of Los Angeles). Amgen’s internship program offers meaningful 10-12 week project experiences that impact patient’s lives, competitive compensation, housing benefits (for eligible candidates), executive networking events, social networking events, community volunteer project opportunities, on-site fitness center and much more.
