

# Interactive Multimedia Minor Application

## USC Viterbi School of Engineering

**Description:** A minor in interactive multimedia is open to all undergraduate students at USC. This program provides the opportunity for non-technical students to gain basic computer skills and to effectively utilize interactive multimedia tools. Students can add depth within a specific area by selecting elective courses within the same area or can add breadth by choosing elective courses from two separate areas. Student must apply to the USC Viterbi School of Engineering (OHE 106) for the minor. There are also specific academic guidelines for all minors at USC. (see the reverse for information on these guidelines)

**Criteria:** Applicants must have completed at least one semester of USC coursework and be in good academic standing overall to be approved.

**Requirements for consideration: (all documents must be submitted together)**

1. Completed application with advisor's signature.
2. An unofficial copy of USC transcript or STARS report
3. If you have any transfer work, attach a copy of the transfer credit statement, or transcript.

# Minor Guidelines

## The following guidelines apply to minor programs:

1. Minor programs are available to students matriculated in an undergraduate degree program and must be completed simultaneously with the major degree program.
2. Minors constituted of course work from a single department may not be earned by students majoring in that department.
3. Students may take an interdepartmental minor in which their major unit participates as long as at least four courses (at least 16 units) required for the minor are not courses offered by the major department
4. Students must take at least four courses (at least 16 units) which are unique to the minor (i.e., not required to fulfill the major, another minor or general education requirements).
5. All upper-division course work required for the minor must be taken at USC.
6. Departments at their discretion may substitute no more than 25 percent of the required units defined in the catalogue for a given minor program. Substitution of courses with the same departmental prefix are exempted from this limit. Lower division courses cannot be substituted for upper division course requirements.
7. Departments at their discretion may waive no more than 4 units for minor programs with 17 to 20 units or no more than 8 units for minor programs with more than 20 units for each student. The number of units unique to the minor after any departmental waivers or substitutions must total at least 16 units.
8. No course work required for the minor may be taken on a Pass/No Pass basis.
9. A minimum cumulative 2.0 GPA must be achieved in all courses required for the minor. A higher minimum may be required by the sponsoring department unit.
10. Students whose major degree programs do not include a language requirement need not satisfy that requirement to earn a minor from the College of Letters, Arts, and Sciences or a professional school that has a language requirement unless the minor specifically requires the language.
11. Completion of the minor program will be recorded on the transcript.
